

SOME REFERENCES

Petrochemical plants, oil & gas:

Company: ENICHEM.

Project: "MDI" plant – Phosgene Zone

Company: AVTOVAZ RUSSIA – Plant in Togliatti Grad

Project: New air compressor station 13bar / 7bar

Company: TECNIMONT – Milan

Project: Dedusting "Plant HD/LDPE ALJUBAIL EPC TASNEE"

Company: MONTELL

Project: "MP1" Plant Catalloy Europe (Holland)

Company: MONTELL – Plant in Terni

Project: "PP1" Plant revamping for new extrusion

Company: EDISON (ex ISE) – Taranto

Project: Stress analysis test on steam manifolds MB3

Company: SNAM PROGETTI Sud

Project: Lab-complex IRAN

Energy production plant (thermal power plants, cogeneration, trigeneration):

Company: FIAT – Plant in Cassino

Project: New cryogenic plant

Company: FIAT – Plant in Cassino

Project: Thermal power plant & thermal cycle revamping

Company: ECOESPANSO – Plant in Santa Croce Sull'Arno

Project: New cogeneration plant 29MWe – 4 Engines RR

Company: FPT – Plant in Termoli

Project: Energy vectors T1 – T2 – T3

Company: Pastificio Montereale – Plant in Mondovì

Project: New cogeneration plant

Company: Ferrari – Plant in Maranello

Project: New trigeneration plant 17MWe – 2 engines RR
